Device

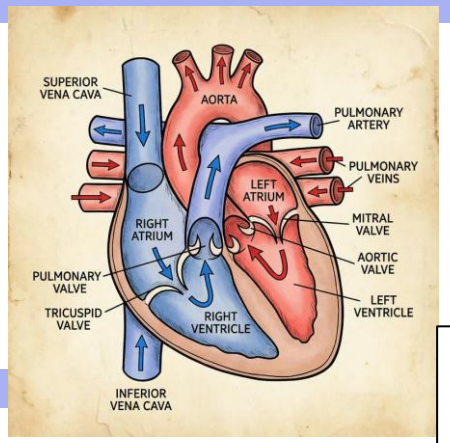
a small machine

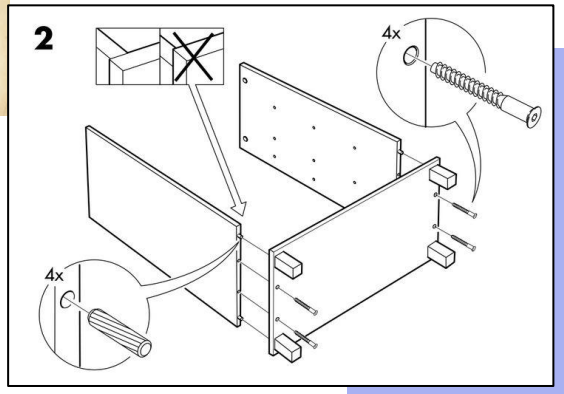
I like learning to use new **devices** like phones.

Do you have a **device** to access the internet?

Neighborhood House

Diagram





a picture to explain something

The doctor explained the disease and showed a **diagram** of the heart.

I used the **diagram** to build the bookshelf.

Neighborhood House

Miner

a person who works in a mine

Miners need to be strong and careful people.

You can make good money as a **miner**, but the job is dangerous.

Neighborhood House

Mineral

a rock inside the earth

There are many valuable **minerals** inside this mountain.

Minerals are used to make metal and fuels.

Neighborhood House

Oxygen

a gas in the air for breathing

All animals need **oxygen** in the air to live.

There is no **oxygen** in the air on the moon.

Neighborhood House

Rescue

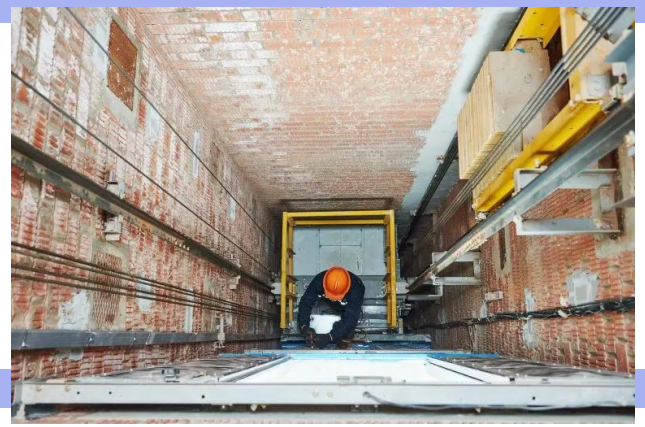
to help someone in danger

The firefighters **rescued** a man from a burning house.

I tried to **rescue** an injured bird.

Neighborhood House

Shaft



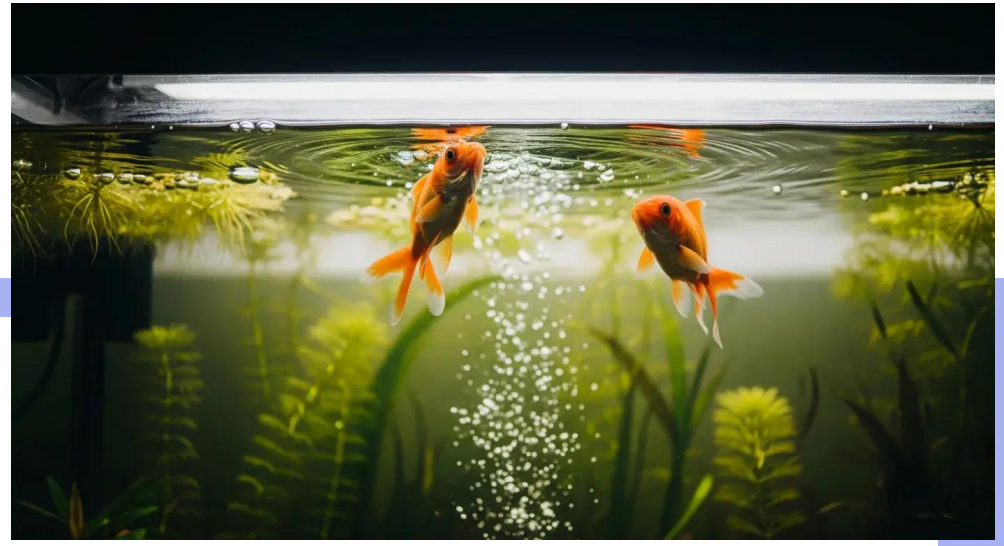
a long passage up and down

An elevator moves through an elevator **shaft**.

The miners go down a long **shaft** to the mine.

Neighborhood House

Surface



the top of something

The fish came to the **surface** of the water.
Then it swam down below the **surface**.

Miners work below the **surface** of the Earth.
